

# QUESTIONS VOTERS CAN ASK CANDIDATES ABOUT WATER

OUR WATER. OUR COMMUNITY. OUR FUTURE.

The choices our elected officials make can impact La Paz County's water today and for generations to come. Use these simple questions to learn where candidates stand.

How will you help protect our groundwater for future generations?

What will you do to keep our aquifers healthy and sustainable?

How will you make sure local voices are heard in water decisions?

How will you keep our community involved?

How will you balance growth and development with the water we have?

What will you do to support smart growth and responsible water use?

What is your view on groundwater transfers and conservation?

How will you approach transfers and support saving water?

How will you support education and information about our water?

What will you do to help residents understand our water and how to use it wisely?

How will you invest in water infrastructure and reliable water supply?

What projects or improvements will you support?

How will you work with local, regional, and state partners on water solutions?

How will you find practical, long-term solutions to our water challenges?

How will you keep residents informed and make decisions transparent?

How will you communicate and be accountable to the public?

YOUR VOICE. YOUR VOTE. OUR WATER.  
Be informed. Ask questions. Vote for a water-secure future for La Paz County.
